Medieval Strategies for Cyber Security

by Hendrik Wallbaum

Hendrik Wallbaum

Developer for fun

Castle Enthusiast

Consultant @Netlight

Carcassonne

Hoardings

- Extra Galleries for sieges
- Ready made response
- ✨ Disaster Response Plan

Walls

- Palisades defended against swords
- Cannons needed adaptation
- ✨ Continuous Improvement

Gates

- Porters at the gate
- Doorwards at inner doors
- ✨ Zero Trust

Locks

- Defend valuables

- Multiple locks created trust

- ✨ Multi-Factor Authentication (MFA)

We are all in this together!
